

Suggested Performance Task Components

1. Scenario Provided
2. Problem (Question Provided)
3. Short Constructed Response —Background Question **DOK 1 or 2**
(A Question that most everyone can answer)
4. Short Constructed Response—Prediction/Hypothesis Question w/ explanation **DOK 2**
5. Procedure Provided
6. Possible Constructed Response—re: Appropriateness of Tools **DOK 2**
7. Possible Constructed Response—re: nature of Variables of the investigation **DOK 2**
8. Data Collection/Organization—Students complete/develop chart and/or develop graph **DOK 1**
9. Short Constructed Response—Degree of connection between Results and Prediction/Hypothesis determined. Evidence provided to justify explanation. **DOK 2**
10. Constructed Response—Data Interpretation/Summary - What do the data show? **DOK 2-3**
11. Constructed Response—Analysis of data— **DOK 2-3**
12. Constructed Response—Application of content principle to real-life concept; **DOK 2-3**
AND/OR
Constructed Response—What is new question about this content could be devised? **DOK 2**
AND/OR
Constructed Response—What are possible Steps of New Investigation to determine more about this problem? **DOK 2**
